Conditions

To ensure that repairs and warranty procedures operate in the best possible manner, your repairs and exchanges under warranty can only be performed if the following information is provided:

- Purchase documentation
- Serial number
- Description of fault
- Original packing and accessories

The details on the repairs and warranty procedures are in relation to the date of issue of the valid manufacturers conditions. They remain however subject to the special provisions of the manufacturer and to any subsequent amendments made by the manufacturer regarding the period of warranty, the repairs and warranty procedures and recipients. All reproduction rights including extracts are reserved and subject to approval in writing of the publisher. E. & O.E.

This information is supplied without liability and subject to change.

Many thanks for your cooperation.

Hardware Lifetime Warranty
HLW will benefit only to the initial end customer owner of the product up to five (5) years after such product end-of-sales has been declared by Alcatel-Lucent.

This is a repair service offered to the end customer directly by Alcatel-Lucent, on a Return-To-Factory (RTF) basis, on the hardware part of the product.
The end customer will support the inbound transportation costs (DAP ICC INCOTERMS 2010) to the designated Alcatel-Lucent Entry Point. Alcatel-Lucent will support the repair and return transportation costs to the end customer designated point. Alcatel-Lucent will repair the returned product within ten (10) days on a commercially reasonable effort basis. Transport time is not Alcatel-Lucent branded power supplies for the Products are included in the HLW service. It may evolve with Alcatel-Lucent new products commercial releases. Alcatel-Lucent branded power supplies for the above Products are included in the HLW service. It may evolve with Alcatel-Lucent new products commercial releases.
Note: *Hardware Lifetime Warranty does not cover transceivers and other products.*

Renewal after three years

After the first period of 3 years, service contracts can be renewed on a yearly basis. The support service renewal will resume on back-dating mode (from the ending date of the previous period). The following table gives you the percentages used for Service Pack renewal depending on Service Category and the duration of the renewal. The percentage of service fees is applied on the **contractual purchase price of the product** (Sales category) excluding Special Discount Request (SDR) and Extra Discount Request (EDR).

Warranty

1 year

Faults upon receipt (DOA)

Free telephone support for 90 days from date of purchase and one year warranty. Orders are processed directly through an Apple Premium Service Provider:
<http://www.apple.com/chde/buy/>

Definition of DOA:

A hardware product is considered DOA if it shows symptoms of a hardware failure preventing basic operability upon its first use out of the box.

- Products which are «End of Life» for 90 days or longer will not be accepted by Apple as DOA.
- Products deemed DOA more than 90 days after Apple has invoiced ALSO will not be accepted by Apple as DOA.

Procedure for DOA devices:

Send the serial number of the affected unit to apple-ch@also.com for verification. If the unit is within the 90-day DOA period, we will accept the request and you can return the unit directly to our Service Center*.

The following information must be enclosed as mandatory with the return:

- A copy of the invoice from ALSO
- Item no.
- Serial no.
- Description of the error

Timing of warranty validity and non-validity

*Address for returns:

ALSO Schweiz AG
Service Center
Meierhofstrasse 3
6032 Emmen
Switzerland

Upon receipt of the DOA unit, ALSO Schweiz AG will generate a corresponding credit note.

Please note that DOA units are not replaced. A new order must be placed if necessary.

except imagePROGRAF Printer

Warranty

2 years

Faults upon receipt (DOA)

Within 14 days (the date of the sales slips/the warranty certificate is valid):

Registration via e-mail or fax at Canon product manager at ALSO Switzerland plc

Necessary data: Dealer name, product, description of the fault, fax number or e-mail

After return and after accepting of the DOA equipment by Canon a credit note is granted by ALSO Switzerland plc within approx. 2-3 weeks.

Important: Spare equipment is not supplied automatically!

We ask you to consider the following points with the DOA: By the registration of the DOA the dealer confirms that the product is tested and judged to be defective.*

During the return of the DOA the following information MUST be attached:

- DOA-form with DOA- and article number
- Copy of proof of purchase/ receipt/ guarantee (product and purchase date must be evident from this) defective product in the original packing with the complete scope of supply (all cables, batteries, manual, CD etc.).

If the sales date is more than 14 days ago or if it is not obvious /the purchase proof copy is not enclosed, the product is treated as normal order under warranty. The same is valid for incomplete returned goods.

*Canon/ALSO has the right to return non-defective products and not to credit or if refund has already taken place not to re-charge. Please despite the information provided by an end-customer check whether the equipment is really defective. Thus you save you and us from unnecessary expenditure. Thank you!

All products

Warranty

90 days
from the date of purchase

Faults upon receipt (DOA), timing of warranty validity

Electronic Arts warrants to the original purchaser of this product that the recording medium on which the software program(s) are recorded (the "Recording Medium") and the documentation that is included with this product (the "Manual") are free from defects in materials and workmanship for a period of 90 days from the date of purchase. If the Recording Medium or the Manual is found to be defective within 90 days from the date of purchase, *Electronic Arts* agrees to replace the Recording Medium or Manual free of charge upon receipt of the Recording Medium or Manual at its service center, postage paid, with proof of purchase.

This warranty is limited to the Recording Medium containing the software program and the Manual that were originally provided by *Electronic Arts*. This warranty shall not be applicable and shall be void if, in the judgment of *Electronic Arts*, the defect has arisen through abuse, mistreatment or neglect.

More information online: <http://help.ea.com>

EA Customer Support Schweiz
Mo. - Sa., 9:00 - 21:00 Uhr
Hotline Switzerland Phone 0225 – 181005

Criteria for Product Exchange or Return:

- Within the 90-day warranty period.
- The product was determined to be defective by an *Electronic Arts* Technical Support representative.
- The product has been determined to be incompatible with your computer by an *Electronic Arts* Technical Support Representative.
- The product will not work on your computer because you do not meet the requirements.

When sending back a product, be sure to include a photocopy of the sales receipt showing the date of purchase, as well as the Requested Information shown below.

We strongly recommend that you send your product using a traceable delivery method. *Electronic Arts* is not responsible for products not in its possession.

Use [this PDF form](#) to provide us with all necessary information for replacement of your product.

Fortinet

The basic warranty includes the complete range of products from the start of the registration. This is normally carried out via the end-customer or the actual user of the appliance.

Registration provisions

Dead on Arrival (DOA) conditions

Warranty

12 months exchange & replacement (hardware)
90 days on the drive system
90 days online support (8x5)

The appliances or service support contracts must be registered within one year from the supply of the product. If this does not happen, the performance of service support or warranty shall lapse.

An appliance will only be accepted as being D.O.A. if it is declared as being so within the first 30 days of the warranty. The claim for D.O.A. status shall become void at the latest within 120 days from delivery.

Timing of warranty validity and non-validity

DOA PROCESS

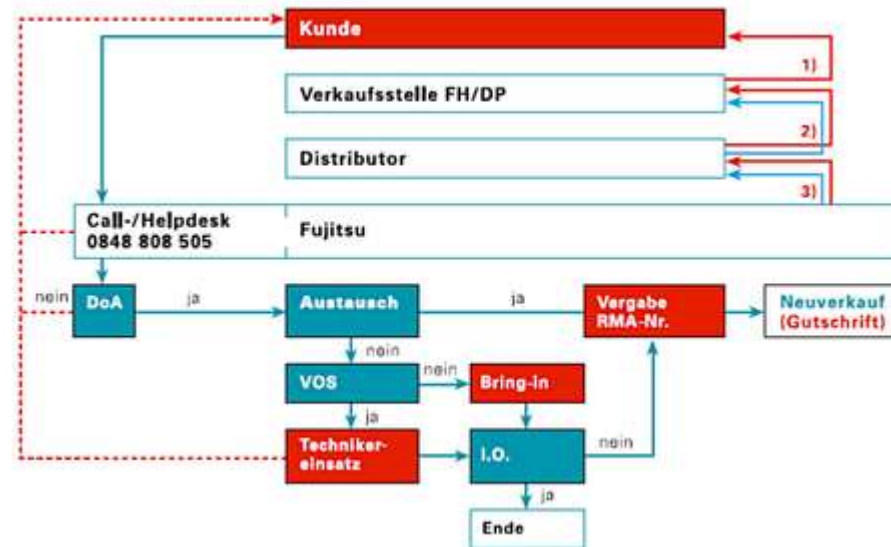

DoA means "Dead on Arrival" and it is a device which cannot be put into operation the first time or which is defective before the first use. The reason for this can be a hardware fault, a damaged housing or a preload that is not installed.

If you have received such a device, please contact the helpdesk listed below and have the serial number ready.

Fujitsu Technology Solutions AG

Monday to Friday, 8.00 to 22.00
Saturday and Sunday, 10.00 to 20.00

HPN Switches

Defect on Arrival (DoA):

A DoA case is present, if new equipment can not be put into operation or when it is defective before the first use, be it due to a hardware error, a substantial case damage or because the Preload is not installable.

1. The end customer contacts HPCS support centers, Telephone number 0848 80 20 20

HPCS controls the product number, series number and tries to solve the problem over the telephone support. In case this succeeds, the call can be regarded as finished; otherwise, the following steps must be taken:

- ▶ Service proposal is offered to the customer in accordance with product claim (on-site repair or product exchange). If the end customer agrees with the proposal of the HPCS, the dealer (HP sales/service partner)
- ▶ If the customer insists on a new product and the product has on-site exchange warranty or if it is a notebook (without Pavilion), then HP support center sends to the customer a written authorization-number for the return after the carried out checking of the purchase/delivery confirmation (within 30 days). The customer can contact now his/her dealer and return the product together with the HP form for authorization within ten working days.
- ▶ The authorization is mandatory for products with on-site and exchange warranty including notebooks (without Pavilion). It is not mandatory for other products.

2. The end customer contacts the authorized service partners (ASP).

The ASP tries to solve the problem on the telephone; if this is not successful, service-proposal is made in accordance with product claim (on-site repair or product exchange). If the end customer agrees with the proposal, the case can be closed.

If the repair is not successful or the customer insists on an exchange (new) product, then the ASP controls the purchase/ delivery confirmation (within 30 days) and confirms the defect of the product before handing out exchange equipment. If the product has on-site or exchange warranty or if it is a notebook, ASP contacts the HP support center on telephone number 0848 80 20 20 for return authorization. Together with the form for authorization the ASP will send back the product to the HP-Distributor. The return process for other products remains unchanged.

3. The end customer contacts the dealer he/she bought the product from.

The dealer should refer the customer for the solution of the defect to the HP support center (see contact proposal 1, which is preferred). If the customer does not agree with the proposal and if he/she insists on an exchange (new) product, the dealer controls the purchase/delivery confirmation (within 30 days) and confirms the defect of the product before he/she hands out an exchange (new) product to the customer. If the product has on-site/ exchange warranty or if it is a notebook (without Pavilion), the dealer must contact the HP support center for a return authorization. Support center telephone number is 0848 80 20 20. Only with a valid HPCS form for authorization the dealer can send the product back to a HP-Distributor, from where it is sent back to HP. The return process for other products remains unchanged.

Innovaphone

All products	Warranty	Faults upon receipt (DOA), timing of warranty validity and non-validity
All products	12 months Bring-in DoA	<p>innovaphone Resellers who have a customer number can open RMA cases directly at Innovaphone:</p> <p>https://www.innovaphone.com/de/services/partner-login.html</p> <p>The standard warranty period for all innovaphone devices is 12 months with purchase of the device. With the warranty extension of innovaphone, however, this can be extended by a further 4 years to a maximum of 5 years.</p> <p>In order to do this, you will obtain a warranty extension for the desired device, then you will receive an activation key, which must be linked to the serial number of the device via the my.innovaphone portal.</p> <p>If a warranty extension is already made on a device, no further extension can be carried out. This means that the desired number of warranty renewal years must be ordered once and must be recorded simultaneously.</p> <p>There are two types of warranty extension:</p> <ul style="list-style-type: none">▶ Warranty extension on purchase: Available only in connection with the purchase of the device. Caution: The warranty extension must be connected to the device number immediately after purchase of the device (maximum 6 weeks after delivery) via the portal my.innovaphone! The warranty extension on purchase is the most favorable option for warranty extensions▶ Warranty extension after purchase: within the guarantee period: Available only within the standard warranty period of the device, ie within 12 months after purchase of the device. Caution: The warranty extension must be linked to the device number within this guarantee period (via the my.innovaphone portal)

DOA Definition:

DOA (Dead On Arrival) means that the printer directly after first turning delivery and defective. Defect means here in the classical sense inoperative, irregularities in the print image pollution, ease jams, etc. are not one of them. Products that are already signs of wear, or which side counter to a utility indicates supplied from the DOA system.

DOA deadlines:

5 working days max. From the delivery date slip trade / resellers in the retail or 30 days max. From the delivery date slip Kyocera Mita to the dealer
10 pages printed on the side counters will be accepted The Kyocera Mita trade has DOA by the regime to take a quick replacement of the corresponding product request. It can only products with a technical defect as a DOA case pending. For transport damage or covert transport damages apply only the provisions between the consignor and the consignee of the goods.

Procedure:

The KYOCERA MITA trade partner selects the field DOA in the selection of entitlement. Upon receipt of the claim, the RMA number and awarded KYOCERA MITA supplies replacement (nov) for the defective product to the desired address from the dealer. Upon receipt of the new unit have the defective device and within the box on the KYOCERA MITA statement noted deadline value returned. The deadline for the return is 10 days after the delivery date. If after evaluation of the defective product through our Service Center of DOA confirmed case and all necessary supporting documents attached, so the process

Polysys SA
Weieracherstrasse 12
8184 Bachenbülach

Tel. 044 863 93 00

In order to warrant smooth operation service of the warranty exchange or partial substitutes of OKI consumables the following important points are to be kept:

- ▶ The end customer/dealer states that the consumables have faults or defects.
- ▶ These faults are to be reported directly on the OKI hotline (via telephone or Web-form). There the end customer/dealer receives a ticket number, which is a must for the return.
- ▶ The OKI Service & Repair Center can not deal with the sent consumables without this ticket number as a case of warranty or partial substitutes. Additionally the following documents of the supply should be attached:
 - (a) Ticket number
 - (b) Exact address of the customer (including telephone number and if necessary e-mail address)
 - (c) Menu and test printout of the equipment (if possible)
 - (d) Short description of fault
 - (e) Copy of the invoice or delivery note of the defective consumables
- ▶ The faulty consumables should be packed in the original packaging if possible and if already opened – in the enclosed plastic bag (black), as well as with the securing shipment (orange) (contamination risk). Consumables, which are polluted by the running out toner at transportation, cannot be exchanged.
- ▶ The OKI Service & Repair Center examines the commodity on the basis of the provided documents and then answers to the end customer/dealer about the further process of the exchange order (warranty exchange or first cost contribution)

Important additional information:

- ▶ OKI recommends to end-customers and specialist dealers to announce about the faulty consumables directly to the OKI hotline, in order to exculpate distributors of the consumables.
- ▶ OKI excludes claims, if the malfunction is caused not by material or manufacturing faults, but by other reasons, for example:
 - (a) inappropriate use, operation or care as well as transport damages or mechanical effects;
 - (b) neglect of the references in the user manual or in the service training manual;
 - (c) damage or the disregard of assured characteristics (quality, life span etc.), which develops as a result of use of unsuitable consumables/printing material;
 - (d) fire, thunderbolt, liquids etc.
- ▶ The exchange of consumables falls under the free guarantee only if no wear is present and the origin of the fault is caused by these consumables.

StrongBox

All products

Warranty

**3 years hardware warranty
hardware warranty upgrades**

Faults upon receipt (DOA), timing of warranty validity and non-validity

StrongBox X-Series (StrongBox X10, X20, X20F) and StrongLINK Hardware Node

StrongBox X-Series and StrongLINK Hardware Node include a 3 year hardware warranty covering the hardware system and components

Hardware Warranty:

- ⇒ 3 year hardware warranty coverage of the system hardware and components
- ⇒ Help Desk Support in English, Monday – Friday 8 a.m. to 5 p.m. US Central Time, excluding SDS observed holidays.
- ⇒ Next Business Day Onsite hardware part repair for technician dispatch requests made by SDS Support prior to 3 p.m. local time (drop and pickup process included).

Hardware Warranty Upgrades:

Hard Drive Retention (HDR) allows customers to keep possession of a failed disk(s). SDS will provide a replacement without the requirement of returning the failed drive. Must be purchased at the same time as product purchase. Same Day Onsite Repair with 4 hour technician arrival upon dispatch request made by SDS Support

Up to 5 years of total hardware warranty coverage is possible.

First Call via Customer Support Team USA for Standard Level Support (Phone: +1 512 928 7300) for first diagnostics of the issue. In case of a hardware issue, SDS will immediately inform the DELL Customer Service. Customer can also open an account in JIRA Help Desk Portal by indicating the issue and the product serial number. See link below:

<https://strongboxdata.atlassian.net/service desk/customer/portal/1/user/login?destination=portal%2F1>

For critical issues and Premium Level Support 24x7 (Phone: +1 512 928 777).

Contract renewals are only possible via StrongBox Data Solutions GmbH. Tel: +49 7171 99800 0

Out of warranty/maintenance repair is chargeable on a per incident basis.

Faults upon receipt (DOA), timing of warranty validity and non-validity

SDS offers maintenance support options covering the system software and software add-on feature modules of the product. These maintenance options grant the purchaser access to Help Desk support and access to Updates/Upgrades of the Software and the SDS Knowledge Base.

Business Day Help Desk:

- ⇒ Help Desk Support in English only , Monday – Friday 8 a.m. to 5 p.m. US Central Time, excluding SDS observed holidays.

24x7 Help Desk:

- ⇒ Help Desk Support in English only, 24 hours per da, 7 days a week, including holidays, for critical issues(P0-showstopper).
- ⇒ SDS provides business our support from 8 a.m. to 5 p.m. US Central Time Zone for all issue priorities

System software and software module options can be ordered for 5 years of total coverage.

Customer Support Team USA for Standard Level Support (Phone: +1 512 928 7300).

Customer can also open an account in JIRA Help Desk Portal by indicating the issue and the product serial number.

See link below:
